MEMORANDUM FOR: Mr. Colby

25X1

FROM :

25X1

SUBJECT : Briefing Book

This briefing book concerning the possibilities for West Bank disengagement was produced for Secretary Kissinger as a joint CIA-State effort. I believe that it is precedent-setting in the degree to which it represents almost complete integration of a special CIA research effort into a very sensitive State Department policy planning exercise. The basic operational unit involved on the State side is a small working group of high-level officials Hal Saunders has put together to prepare for the "West Bank round" of negotiations. I am the Agency principal involved, although I have at this point delegated most of the responsibility to the relevant DDI production units -- especially OBGI -- while retaining a general supervisory and tasking role.

I recommend that you read the cover memo which will provide useful background for your Middle Eastern trip.
